Date	Time	Method	Type	Location	Description	Response/action taken to resolve the complaint
08/08/2022	8:00:00 am	EPA Environmental Line	Odour	Mooneys Road, Currawang	Complainant reported that "the odour from the Woodlawn bioreactor is very strong this morning. The odour is so strong we can taste, which has left us gagging if we go outside. The odour is therefore more than a 10 out of 10 in strength. It smells of rotting eggs and sewerage.	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
12/08/2022	4:02:00 pm	EPA Environmental Line	Odour	Braidwood Road, Tarago	Complainant reported being impacted by odours allegedly coming from the Woodlawn Eco Precinct. They said "again we cannot go outside or open any windows and the smell gets into the house making it very unpleasant.	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
13/08/2022	8:00:00 am	EPA Environmental Line	Odour	Rosebery Street, Tarago	Complainant reported being impacted by "a very strong odour from the landfill. Over the past few weeks the odour has been noticeable but today it running close to a 9 or a 10".	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
13/08/2022	Unknown	E-mail	Odour	Rosebery Street, Tarago	Complainant reported that "While I appreciate that water causes grief in terms of odour, and that odour has been an issue for the past couple of weeks, it has been in the order of understandable; however, this morning is just foul.	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
