Dear Ms Ng

**Wetherill Park Transfer Station
Approval of the Construction Environmental Management Plan SSD 7267
(Stage 1 Construction and Stage 2 Construction)**

I refer to your correspondence dated 21 May 2019, seeking approval for the Construction Environmental Management Plan (CEMP) (Stage 1 construction and Stage 2 construction) as required by Condition C1 of Schedule 2 of SSD 7267, including the following:

- Flood Emergency Management Plan (condition B20)
- Erosion and Sediment Control Plan (condition B27)
- Unexpected Finds Protocol (condition B44)

On 17 December 2018, the Director Industry Assessments as a delegate of the Planning Secretary approved the Flood Emergency Response Plan (FERP). Condition C2 requires the FERP to form part of CEMP.

The Department has reviewed the CEMP and concludes the plan addresses the relevant condition. As such, the following plan is approved:

- Construction Environmental Management Plan prepared by Benbow Environmental dated June 2019 (171227_CEMP_Rev8).

Should you have any queries in relation to this matter, please contact Susan Fox, Senior Planning Officer on the above contact details.

Yours sincerely

Chris Ritchie
Director
Industry Assessments
as delegate of the Planning Secretary
