

# FLATPACK CLINICAL BOXES

The ultimate solution for easy, safe and reliable clinical waste disposal

In the fast-paced world of healthcare, it's crucial to have a waste management solution that is both reliable and efficient.

That's where **Veolia's Flatpack Clinical Boxes** come into play.

With our unwavering commitment to innovation, we have pioneered the integration of these boxes into hospitals and aged care facilities across the country, especially during the challenging times of emergency outbreaks.

## FEATURES AND BENEFITS

- **Environmentally friendly:** Made from 74% recycled cardboard, our boxes are the sustainable choice for waste disposal, reducing your environmental impact and promoting a greener future.
- **Ultra Lightweight design:** Designed with convenience in mind the lightweight construction of the boxes makes them easy to handle and transport, saving you time and effort.
- **Flat pack delivery:** Say goodbye to bulky packaging - designed for space-saving efficiency. Our flat pack delivery ensures easy handling and minimal storage space requirements.
- **Ideal for solid and soft clinical waste:** Veolia's Flatpack Clinical Boxes are versatile and can accommodate various types of clinical waste, providing a comprehensive solution for your needs.
- **Easy stacking once filled:** Seamlessly stack, optimise storage space and enjoy a neat and organised waste disposal system.
- **Emergency outbreaks:** Be prepared for unexpected situations with our Flatpack Clinical Boxes. They offer a quick and effective way to handle increased waste volumes during emergency outbreaks.
- **Insurance options on-site for fast and easy accessibility:** We understand the importance of convenience and peace of mind. That's why we offer insurance options on-site, ensuring quick and easy access to comprehensive coverage.

Aged Care

Hospitals

Schools

Events

## HOW IT WORKS

### Flat Pack Pre-lined 50L clinical box now available:

We offer a pre-lined 50L clinical box that is ready to use immediately. No need to spend time lining or preparing the box yourself. Just a simple process to assemble the box.

### Immediate deliveries available:

If you require boxes delivered outside of your usual service frequency, we offer immediate delivery options.

### Our team collects the full boxes:

Our team will collect the filled boxes according to your service schedule. In the event of an outbreak we can also cater to urgent pickups.

**Disposal:** Once collected the boxes are taken through to the treatment facility.

## GLOBAL KNOWLEDGE. LOCAL EXPERTISE.

Veolia is a global environmental services company, providing innovative environmental and industrial solutions to some of the region's largest industrial, mining, oil & gas, energy, and municipal organisations.

Our environmental solutions help address the challenges of your sector, including: increasing costs, fluctuating commodity demand and emerging competition, environmental and social responsibility, skills shortages, and new technologies.

### Veolia can provide you with:

- Security of supply
- Flexible and highly skilled labour
- Technical innovation
- Specialised and bundled service capabilities
- Social licence to operate

## WE'RE COMMITTED TO EXCELLENCE

always 

This is demonstrated in our Always Safe mantra, and accreditations across a range of standards, including; FSC approved materials, Australian Standard (3816:2018) ISO 9001 (Quality), ISO 14001 (Environment), ISO 45000 (Safety) compliance to ISO 31000.
